Nairobi, Kenya.

1. INFORMATION TECHNOLOGY OBJECTIVE

Frontend / Web Developer with hands-on experience building responsive, user-focused web applications using HTML, CSS, JavaScript, and React. Passionate about clean UI design, performance optimization, and modern web technologies, with a strong IT foundation in hardware, networking, and system support.

- Create responsive and scalable web applications
- Apply modern frameworks and clean coding practices
- Enhance user experience through innovative IT solutions
- Stay updated with emerging web development technologies

2. TECHNICAL SKILLS

I) Frontend Development

- HTML5, CSS3, JavaScript (ES6+)
- React.js (Hooks, Components, Conditional Rendering)
- Responsive Design & Mobile-First UI
- Modern UI concepts (Glass morphism, UX-focused layouts)

II) Tools & Platforms

- Git & GitHub
- GitHub Pages (Deployment)
- VS Code

- Browser DevTools

III) Backend Development

- PHP (Server-side scripting)
- MySQL (Relational Databases)
- CRUD Operations
- Form Handling & Validation
- Basic Authentication & Sessions
- Database Design & Queries (SQL)

IV) Programming Fundamentals

- Java
- Python
- C++

V) IT & Systems (Supportive Skills)

- Hardware Assembly & Troubleshooting
- Operating Systems Basics
- Network Fundamentals
- System Maintenance & Support

3. PRACTICAL EXPERIENCE

IT Volunteer – Kirinyaga University Computer Lab

Jan 2024 – May 2024

- Reduced computer lab downtime by **30%** by diagnosing and replacing faulty RAM and HDD components
- Provided technical support to students and staff during daily lab operations
- Trained **3 Computer Science students** on Microsoft Teams for effective remote learning collaboration

4. PROJECTS

I) Passenger Pulse Web App

- Developed a responsive web application to track and display passenger data
- Implemented backend logic using **PHP** and **MySQL** for data storage and retrieval
- Designed and managed database tables and SQL queries
- Built a clean, responsive UI with **HTML, CSS, and JavaScript**

II) Portfolio Website

- Designed and developed a personal portfolio showcasing projects and skills
- Focused on modern UI, responsiveness, and performance
- Built with **HTML, CSS, JavaScript** and deployed on **GitHub Pages**
- Built another personal portfolio website with `React.js`

III) Workout Planner Web App

- Developed a responsive workout planning application with an intuitive user interface.
- Focused on usability, responsive design, and clean frontend architecture
- Built using **HTML, CSS, JavaScript**, with backend fundamentals in **PHP & MySQL**.

Tech Stack: React, JavaScript, CSS, HTML, UX/UI Design, PHP, MYSQL, GitHub Pages, SEO. Object-Oriented Programming(Java, C++, Python).

5. EDUCATION

Bachelor of Science in Information Technology

Kirinyaga University, Kirinyaga Campus | **2023 – 2027**

Relevant Coursework

- Web Design & Development (HTML, CSS, JavaScript, React)
- Web Application Development (PHP & MySQL)
- Database Management Systems (MYSQL)
- UX/UI Design
- Software Development
- Cloud Computing Fundamentals
- Network Security
- Programming Fundamentals (Java, C++, Python -(OOP))
- Computer Hardware & Maintenance

6. CERTIFICATIONS

- HTML, CSS & JavaScript Specialist
- React.js – *In Progress (85%-Complete)* – *Scrimba.com*
- Microsoft Office Specialist (MOS) – Excel & Word (2024)
- Google IT Support – *In Progress (50% Complete)*

REFEREES:

Prof. Fred Litsalitsa, IT Lecturer, Kirinyaga University 0734427172

Prof. Lilian Chege, IT Lecturer, Kirinyaga University 0733766221
